

Mostafa H. Deldoost

Curriculum Vitae

Email: s.hosseini-del@uw.edu.pl

mostafa.deldoost@pec.it

Nationality: Iranian (Persian)

Residence: Long-term EU residency permit

Tel: +39-328 607 0474

PERSONAL STATEMENT

Dedicated research fellow with 8+ years of experience in Behavioral Economics, Neuroeconomics, Experimental Economics, and Decision-Making Sciences. Skilled in designing and conducting rigorous behavioral experiments, analyzing complex data using R, SPSS, MATLAB, and EEG/ERP methods, and presenting findings to diverse academic and professional audiences. Experienced in supervising graduate students and collaborating across disciplines. Proven track record of applying behavioral economics theories to real-world problems through interdisciplinary research.

EDUCATION

- 2019–2026: Ph.D. in Quantitative Psychology, University of Warsaw
Dissertation: “*Neuroeconomics of Social Decision-Making: Insights into Contagion, Conformity, and Behavioral Dynamics through Event-Related Potentials Analysis*”
Conducted at: Interdisciplinary Doctoral School / Faculty of Biophysics
Supervisor: Prof. Maciej Kamiński
External Reviewers / Examiners: Prof. Włodzisław Duch, Prof. Daniel Krzysztof Wójcik, Prof. Łukasz Okruszek .
- 2021: Specialized program in Neuroscience of Decision Making, IPM-Sharif University of Technology, with a scholarship.
- Postdoc - Research Fellowship in Behavioral Economics at the University of Tabriz, supported by Iran's National Elites Foundation in 2017.
- 2012-2015: Ph.D. in Applied Economics from Ferrara University in Italy.
Dissertation Title: “*Impacts of Carbon Tax and CO2 Abatement on Italy's Economy: A Computable General Equilibrium Approach (CGE)*.”
Supervisor: Professor Massimiliano Mazzanti.
Dissertation Committee: Professor Roberto Zaboli, Professor Sandro Montrosor, Professor Anna Montini.
- 2009-2011: MSc in Project Management & Operational Development at the Royal Institute of Technology (KTH University) in Stockholm, Sweden.
- 2006-2008: MSc in Industrial Engineering with a specialization in Logistics from Borås & Chalmers University in Sweden.
- 1992-1997: BA in Theoretical Economics from Tehran University.
- High school diploma: Mathematics and Physics, Tehran, Iran

VISITING RESEARCHER

- IPM - Institute for Research in Fundamental Sciences (<http://www.ipm.ac.ir>)
- NBIC – Convergent Technologies Research Center (<http://utnbic.ir/en>)
- Rey Juan Carlos University, Faculty of Economics, Madrid, Spain
- ETH Zurich, Department of Management, Technology and Economics, Switzerland
- Institute for Trade Studies and Research (ITSR) Tehran,
- Institute for Economic Research and Development, Tehran University

EMPLOYMENT HISTORY

2020

Faculty of Economics, Poland,

- Teaching Behavioral Economics
- Teaching Intermediate Microeconomics II

08/2017 – 08/2018

Research Fellow | University of Tabriz

Research position, working in economics department

- Conducting ultimatum, dictator game, cognitive reflection test, numeracy, and social value orientation experiments
- Teaching behavioral economics, graduate level
- Supervises honors and graduate students

04/2015 – 02/2016

Pioneers to practice program | Climate-KIC- ASTER

Tackled the Climate Change Challenge from policy and decision-making point of view, investigating how to incorporate environmental issues in policies and decision-making methods to take rational and effective decision

02/2011 – 05/2012

Project Manager of Insurance Project at TCE Company

2011 –2013

Teaching Decision Making Techniques and Strategic Management, at Industrial Management Institute (IMI), Mashhad, Iran, Master Level

09/2008 –10/2009

Research Assistant (RA), International Business School, Economic Department, Jönköping University Sweden

08/2003 –08/2006

Head of Models and Methods of Planning, Institute of Trade Studies and Research- Tehran

INDISTRIAL SECTORS

12/2002 –08/2003

Expert in planning project Control department, SAZEH Consultants Company, South Pars Gas Field

02/2000 –12/2002

Head of Planning and project control manager of Boilers Manufacturing Company-MAPNA Tehran

TALKS

2023: Invited speaker Iranian Neuroscience Society

2022: Invited speaker Iranian Neuroscience Society

2018: Invited speaker in 7th Basic and Clinical Neuroscience Congress

2018: University of Bologna, IDEE meeting

2017: Invited speaker in 6th Neuroscience Congress

2107: Invited speaker, Chamran University

PUBLICATIONS

- Exploring the Neuropsychological Basis of Behavioral Contagion During Learning about Another Agent's Social Preferences: Evidence from an ERP Study, *Acta Neurobiologiae Experimentalis* (ANE), DOI: <https://doi.org/10.55782/ane-2024-2500>
- Behavioral and Biological Bases of Herding and Conformity, *Basic and Clinical Neuroscience journal*, DOI: [10.32598/bcn.2022.4654.1](https://doi.org/10.32598/bcn.2022.4654.1)
- The Role of Attention in Social Decision-Making: An Eye-Tracking Study in a Repeated Dictator Game, *Journal of Cognitive Psychology PECP*, <https://doi.org/10.1080/20445911.2026.2613404>
- Investigating Role of Social Value Orientation in Individual's Decision-Making Evidence from the Ultimatum Game, Springer International Publishing ISBN:978-3-030-71868-8 https://doi.org/10.1007/978-3-030-71869-5_4
- The cognitive reflection test and numeracy as a predictor of student's choice of major in Undergraduate level, *Journal of Educational, Cultural and Psychological Studies*, ISSN 2037-7924
- The relationship between the field of study, cognitive reflection and numeracy skill, *Global Journal of Psychology Research: New Trends and Issues*, ISSN: 2301-2625
- Calculation of Emission Multipliers in Italy, Spain, and Germany (1995–2009), an Environmental Input Output Analysis. Warsaw School of Economics Press, ISBN 978-83-7378-940-1
- A 2004 Social Accounting Matrix (SAM) analysis for Italy, *International Business Management* ISSN: 1993-5250
- Performance Measurement Model for the Supplier Selection Based on AHP, *International Journal of Engineering Business Management*, ISSN 1847-979

- An Empirical Identification of Vendor Selection Process via the Deployment of Multiple
- Remittance and Microfinance, Sweden, (Report for VINNOVA)

Presentations and Conferences:

- Western Economic Association International, USA; The Center for Behavioral and Experimental Research (CBER), China; 18 th international conference on social dilemmas, Arizona, USA) oral presentation: Social value orientation across hypothetical and real settings -evidence from ultimatum Game
- International Symposium of the Analytic Hierarchy Process 2014, Washington D.C., U.S.A. An Empirical Identification of Vendor Selection Process via Deployment of Multiple Attribute Decision Making (MADM): Comparison among Swedish and Iranian Companies.
- Science Symposium on Climate, hosted by FAO – Food and Agriculture Organization of the United Nations, Impacts of Carbon Tax and CO2 Abatement on Italy's Economy A Computable General Equilibrium Approach (CGE), Rome 2015, Italy

Scholarships & Fellowships

- Awarded a **fully funded Ph.D. scholarship**, University of Messina, Italy
- Awarded a **fully funded Master's scholarship**, Politecnico di Torino, Italy
- **Visiting Ph.D. Researcher**, 2012
- **Visiting Ph.D. Researcher**, 2013

SELECTED COURSE & WORKSHOP

- Analyzing ERP/EEG workshop
- Signal detection theory workshop
- Otree workshop
- Neurobiology course
- Neuroanatomy course
- Neural modeling course
- Cognitive Neuroscience (sensory systems) course
- Neuroimaging workshop
- Complex systems course
- Data science course
- Machine learning
- Programming Economic Experiments with Z-Tree, Prof. Urs Fischbacher Konstanz, Germany 2019
- Simulation Techniques for Applied Microeconomics with GAMS, Prof. James R. Markusen, from University of Colorado, Boulder at ETH University, Switzerland (May 2013)
- Introduction to Computable General Equilibrium (CGE) Models, with GTAP Mary E. Burfisher (Feb-Mar 2013)

- Modeling Impacts of Climate Change and Adaptation Strategies, with GTAP, Cafoscari University, Venice, (Feb-Mar 2013)
- Computable General Equilibrium Modeling (CGE) using GAMS at Economic Development and Research Institute, Tehran University (2012)
- Applied Panel Data Econometrics at Economic Development and Research Institute, Tehran University (2012)
- Insurance Mathematics, Mathematics Department Växjö University, Sweden (2009)

Referee/Reviewer

Computational economics/International Symposium on the Analytic Hierarchy Process ISAHP 2018.

RESEARCH INTEREST

Behavioral/ Experimental Economics, Cognitive economics, Neuroeconomics, Decision Making techniques. Behavioral Game Theory

CARRIER INTEREST

Behavioral/ Experimental Economics, Neuroeconomics

COMPUTER SKILLS

R, SPSS, MATLAB (intermediate), Eviews, Stata, GAMS, MPS/GE, GTAP, Advanced Excel, Microsoft Project (MSP), Primavera, Expert Choice

LANGUAGES

Persian-Farsi (Mother tongue), Azeri (Fluent), English (Fluent), Italian (Intermediate)

MEMBERSHIP

Society for the Improvement of Psychological Science

Italian Association of Environmental and Resource Economists (IAERE)

European Association of Environmental and Resource Economists (EARE)

Sustainability Environmental Economics and Dynamic Studies (SEEDS)
